- 301 A 2018 Mercedes-Benz E-Class Diesel Estate Car E220d SE Premium five-door, 1,950 cc Turbo Diesel, 9-Speed Automatic, finished in White with contrasting black interior and panoramic roof. First registered on 29th March 2018, registration No. NL18 VSF, currently showing 59,946 miles (Not warranted correct but has been owned by the, now sadly deceased owners for most of its life, so appears plausible). Had been standing for a time in a dry garage, when collected the battery was flat, but the engine started instantaneously with a jump-pack and the self-levelling suspension rose rapidly to the normal running height. A new battery has now been fitted.
- The car is presently untaxed, and failed the M.O.T. test on 8/04/2026 due to the AdBlue light and accordingly the engine management light illuminating. Drives absolutely as expected, not being in limp-home mode, having ample power from the 1.95 litre 194 b.h.p. engine with smooth gear-changes from the 9-Gear Tronic gearbox. A high quality motor car that rides like a limousine but with excellent economy and nonetheless is capable of 0 to 62 m.p.h. in only 7.7 seconds. There are three small abrasions to the bumpers, to the corners of the rear bumper and to the near-side corner of the front bumper, but otherwise the car looks to be in nice condition. ***As with all motor vehicles sold through our auctions, this vehicle is sold in its current condition and all vehicles should be inspected in person prior to bidding. N.B. BUYERS PREMIUM ON THIS LOT 10% + V.A.T. (Total premium 12% plus any specific on-line bidding fees).
- 302 Motorbike reg no VK70 WGX, non-runner V5 and keys present. As with all vehicles this motorbike is sold as seen. ***As with all motor vehicles sold through our auctions, this vehicle is sold in its current condition and all vehicles should be inspected in person prior to bidding. N.B. BUYERS PREMIUM ON THIS LOT 10% + V.A.T. (Total premium 12% plus any specific on-line bidding fees).
- 303 A Kiddy Rides "Poppy Cat" Coin-operated Ride.
- 304 A 2007 Ford Transit Connect 230 long wheel base Diesel High Roof Van 1.8 TDCi 110 ps finished in metallic silver and having a 1,753 cc four-cylinder engine and 5-speed manual gearbox. Registration No. FH07 OES, first registered on the 28th June 2007 and currently showing 155,646 miles (Mileage not warranted correct, but looks likely to be so from M.O.T. history). SORN'd, M.O.T. expired on 11/03/2026. The interior is very clean, as seat covers have always been used. A steel mesh load safety barrier is installed as is radio/C.D. player and an L.E.D. interior lighting strip. The V5C is present as are three keys. Recent maintenance - (Feb 2026) - has included a new engine mounting, new off-side front drive-shaft and new wheel bearings, (Dec 2025) - new starter motor & rear brakes overhauled,
- (June 2025) - two new rear springs and new clutch kit fitted. Recent new Hankook Extra-Load 4-Seasons tyres all round and an unused spare tyre. Has failed the M.O.T. test mainly due to corrosion, apparently in the sill area, could be welded, but due to work/time constraints owner has purchased another vehicle. 305	A believed circa 1988 JCB 3CX 4 Sitemaster Turbo back-hoe loader having a 6 in 1 front shovel with pallet forks and a 3' wide approx rear bucket. Serial No. 3CX4/344959/P. Appears to have been registered in Jersey with registration No. J15382 but no V5 document is available, so a new document will be required. The tachometer is showing 4,468.2 hours but has a Dymo label attached stating "Tacho changed at 1,045 hours" (so the hours are not warranted as being correct). This machine is from a deceased's estate and had been used in a small local quarry, where it had been standing for some time, surprisingly the battery still had ample life and the engine started without issues.	325	Cast iron weights, scales, etc.
