**Information on how to Buy and Sell  
with Nigel Ward & Co.**

**USEFUL INFORMATION.**

**Entry and delivery of items:** Entry forms are available via our office or website and give full details of the selling conditions of sale. Our commission charge for selling is 15% plus V.A.T., and unlike many other auctioneers there are no charges for advertising, cataloguing, lotting, insurance and no charge for photography of more important items. For cataloguing and advertising purposes, completed entry forms **and** items for sale should be delivered to the salerooms between the Thursday after an auction and the following Wednesday, delivery dates are detailed on our entry forms. It is advisable to telephone us **before** making a special journey in case the Salerooms are full. If you are unable to deliver your items yourself, we can make arrangements for the items to be collected on your behalf by one of our local hauliers. We regularly have total house clearances sold through our Salerooms and Nigel is happy to visit a property and advise regarding the disposal of the contents, at no additional cost. Distance is of no object, clearances have been carried out from as far afield as New Quay (West Wales), Manchester, East London, Southampton and Leamington Spa to name a few. We are also able to provide Probate and Insurance Valuations of items, if required, the cost of these particular services is, however, chargeable.

**Publicity.** All of our auctions are comprehensively publicised, locally in the local press, Nationally in "The Antiques Trade Gazette" as well as frequently in the "Antiques Magazine" and Internationally on our Website. The Catalogue is also forwarded to "thesaleroom.com" who operate an Auction Search Service with notification by mail, fax and e-mail. The effectiveness of the publicity is evidenced by the fact that we have recently forwarded lots to purchasers as far afield as Australia, New-Zealand and the U.S.A.

**Viewing and Pre-Sale information.** Catalogues are available a few days prior to the auction on our website, posted with a catalogue subscription or by contacting our office. Whilst every effort is made to ensure that the information contained in our catalogue is accurate,

certain descriptions have been provided by Vendors and accordingly Purchasers are advised to satisfy themselves as to the accuracy of the description and condition of any items prior to bidding for them. The items included in the sale can be viewed on the Friday afternoon immediately prior to the auction between 2.00 p.m and 8.00 p.m. and on the day of Sale from 8.00 a.m. As well as the catalogued items, we normally have around 700 lots of outside effects and general household furniture and effects at each sale.

**Sale Day.** All buyers are required to register prior to bidding at our sales and will be allocated a buyer's number. We can issue you with a regular buyer's number if you attend each sale, but if you attend our auctions only occasionally you will be allocated a buyer's number for the particular sale day. Once we have registered your details on our computer system, it is not necessary to complete a registration form each sale, just call at the pay office when you arrive at the auction and we will inform the computer that you are in attendance. **Buyer's Premium at the rate of 10% plus V.A.T. (totalling 11.75%) will be added to the hammer price of all lots purchased.** Upon the fall of the hammer the safety of the lot becomes your responsibility and you are advised to pay for and collect your lots as soon as possible. We have two auctioneers selling for most of the day and selling frequently continues into the early evening.

We would be grateful if all lots could be removed from the saleroom by the Wednesday after the sale, as entries for our next sale start arriving on the Thursday after a sale. If you are unable to remove your purchases from the Salerooms yourself, then we can put you in touch with a haulier who would be happy to assist.

**Commission Bids.** If you have viewed a lot and are unable to stay for the auction and would like to leave an absentee bid, then we would be pleased to undertake a commission bid on your behalf. All instructions will be treated in the strictest confidence and Lots will be procured at the lowest price permitted by other bids.

**Telephone Bidding.** If you would prefer to make a telephone bid, then this can be arranged by contacting the Pay Office on the view day but lines are limited and telephone bids are available on a first come, first served basis. Failures to make telephone connections have been known.

**Forwarding of Lots.** If you are not local, we can arrange for suitable items to be despatched. There will be a small charge for packing the articles dependent upon the packing time involved and we can arrange for the items to be despatched by either post or carrier.

**Refreshments.** We have a convenient on-site canteen situated in the centre of the building with a feature curved bay window.

Refreshments are served all day. The canteen is staffed by a variety of local charitable organisations with all profits going to the appropriate charity.

**Payment.** All lots must be paid for before being removed. Purchasers unknown to the Auctioneers need to either pay by Cash or by Debit/Credit Card. There is an administration fee of 2% (plus V.A.T.) of the invoice amount for the use of most Credit Cards. Regrettably we cannot accept payment by American Express. Cheques will only be accepted from persons previously known to the Auctioneers or otherwise supported by a Banker's Card (up to the relevant limit) or subsequent to a reference being taken up by the Auctioneers' Bank.

**Disabled** access and Toilet Facilities are provided.
